EXPERIENCE

3D modeler | *Carmona Design* | Aug 2022 – Current

- Collaborate remotely with clients and team members to create detailed SketchUp interior designs and custom furniture models.
- Translate sketch ideas and architectural plans into 3D model representations.

Co-author of Yiddish Course | *Duolingo* | Sep 2019 – Aug 2022

- Co-author of the Duolingo Yiddish program with over 450,000 active learners.
- Introduced grammar concepts, curated vocabulary, and structured the course to align with CEFR guidelines for effective language learning.

EDUCATION

BS: Computer Science Major | Oregon State University | *August 2025*

- 3.95 GPA | Achieved honor roll every semester

BA: Biology Major, Chemistry Minor | Brooklyn College | *June 2021*

- 3.89 GPA | Recipient of Rosalyn Yalow Award for Academic Excellence

PROJECTS

- **Smallsh** | github.com/SrulyP/smallsh: Developed a Unix-style command-line shell in C with built-in commands, I/O redirection, background/foreground job control, and custom signal handling (SIGINT/SIGTSTP).
- **Battleship** | github.com/SrulyP/battleship: Built a Battleship game with drag-and-drop ship placement, turn-based gameplay, and a simple AI opponent, entirely in vanilla JavaScript, which handles DOM manipulation and UI updates.

SKILLS

- **Programming Languages:** Python, JavaScript, C, HTML/CSS, SQL
- **Programming Tools:** Git, Github, G++, React, Flask, VS Code
- **Languages:** Native in English and Yiddish; Proficient in Hebrew and Spanish
